

## Le marché

We've been having fun learning about shopping for food in France at *le marché* (market) and *le supermarché* (supermarket). We learned about kilograms and Euros, and that € is the symbol for Euros. Then we practiced selling and buying food at our own *marché*. Students used the phrase *je voudrais* (I would like) to ask for what they wanted, and the phrase *ça fait* to say how much something cost.

# What would you like to buy at the market?
